

Kilve Parish Plan Questionnaire

"A Parish Plan is a statement of how local communities see themselves developing over the next few years". (Countryside Agency 2004).

The Kilve Parish Plan Steering Group relies on your input to establish a meaningful plan. Please complete the questionnaire as fully as possible. The objective is to publish the questionnaire findings by October of this year. The results will be published at a coffee morning and on the village website. The final Parish plan will distributed to each household.

General Points

The questions are presented in various forms. Some require a straight answer that will be applicable to the whole household. However, some of them have an answer block like this one:

Person	1	2	3	4	5	6

This has been designed so that each person who usually resides in the household can express their opinion. To make this type of question valid it is important that the same person keeps the same column throughout the whole questionnaire. For example, if Granddad uses column 3 in the first question ask him to use column 3 in all of the other questions of this type. Other members of the household should follow this example.

Younger members of the household will be unable to offer an opinion on all questions. In this case leave the unused columns blank.

If you need more room to answer a question than has been provided, please add extra sheets.

Completed questionnaires to be handed in at Kilve Stores or the next Village Hall Coffee Morning. This is on Saturday 26th May.

If you have any concerns or problems completing the questionnaire than please contact:
